"Most learning and change processes fail to access and work with the underlying field of potential from which new possibilities emerge."
Otto Scharmer ‘Presence Workshop’

THE INVITATION
We are excited to invite you to a deep and fascinating exploration of the realms of the subtle energies and how they are so essential in creating a field that supports and sustains heart centered relationships. We will learn how to be a bridge, a channel between these two worlds and to connect into the collective consciousness where all answers lie.

WHAT
We will explore and share experiences on how to acknowledge subtle energies in your life and learn to read and work with it.
We will deepen our understanding about the field and how to tune into it.
We will practice creating and holding space for emergence to happen.
Above all, we’ll work on ourselves, as we are the channel for our own work in the world.

THE QUESTIONS
How would your world change if you acknowledged and included the subtle energies into your life?
What would our life and work look like leading from our heart?

LOGISTICS
This is not a one-time gathering, it is an invitation to co-create a learning village to support the growth and development of this community of practice.
Where: Villa Maria Retreat Center - Frontenac, MN
